PROFESSIONAL PROFILE

Chair of the Information Systems Department and Assistant Professor at Prince Sultan University, with more than 18 years of academic and IT experience. Research and teaching connect applied artificial intelligence, trustworthy and explainable AI, information systems, and digital transformation. Experienced in curriculum development, quality assurance, conference leadership, editorial service, and translating complex research into practical, responsible systems.

ACADEMIC APPOINTMENTS

Chair, Information Systems Department
Assistant Professor, Information Systems

Current
Aug 2024-Present

Prince Sultan University (PSU), CCIS | Riyadh, Saudi Arabia

- Teach Information Systems and digital transformation courses; supervise senior projects and cooperative training; advise students.
- Contribute to curriculum, quality assurance, assessment, textbook review, examination coordination, and college-wide academic initiatives.

Lecturer / Faculty Member — Shaqra University, College of Computing and IT

2014–2024

Saudi Arabia

- Taught computing and information systems courses and supported academic advising, student activities, accreditation, and quality assurance.
- Served in academic administration and contributed to program development and institutional service.

Graduate Research Assistant — Universiti Kebangsaan Malaysia (UKM)

2013–2014

Bangi, Malaysia

Lecturer — University of Ha'il

2009–2012

Ha'il, Saudi Arabia

Earlier academic roles: Instructor, Jerash Private University (2009); Instructor, Ministry of Education, Jordan (2007–2009); Teaching Assistant, Yarmouk University (2006–2007).

EDUCATION

PhD in Computer Science (Artificial Intelligence) — Universiti Kebangsaan Malaysia (UKM)

2021

Thesis: "Noun Verb Extraction and Hybrid Krill Herd as Feature Selection for Document Classification."

MSc in Information Technology and Computer Sciences — Yarmouk University

2009

Specialization: Computer Information Systems. Thesis: "Evaluation of the Effect of Stemming on Clustering of Arabic Documents."

BSc in Information Technology and Computer Sciences — Yarmouk University

2006

Specialization: Computer Information Systems.

SELECTED RESEARCH & PUBLICATIONS

Research themes: applied and explainable AI, computer vision, NLP and multimodal learning, healthcare analytics, cybersecurity, AI governance, and information systems. [Complete publication record on Google Scholar ↗](#)

- 2026** Y. Alshboul, O. Al-Omari, and A. Bsoul. "Phishing Detection Using CNN–RNN with Sparrow Search Optimization Algorithm." *Journal of Multiscale Modelling*.
- 2025** A. Omari, O. Al-Omari, T. Al-Omari, and S. M. Fati. "A Predictive Analytics Approach to Improve Telecom's Customer Retention." *Frontiers in Artificial Intelligence*, 8, 1600357. [DOI](#)
- 2025** D. Nimma et al. "Object Detection in Real-Time Video Surveillance Using Attention-Based Transformer-YOLOv8 Model." *Alexandria Engineering Journal*, 118, 482–495. [DOI](#)

TEACHING & MENTORSHIP

Current and recent courses at Prince Sultan University include Introduction to Information Technology (IS101), Systems Analysis and Design (IS231), Enterprise Architecture (IS321), Quantitative Analysis (IS371), Change Management for Digital Transformation (IS452), Technology Trends in Digital Transformation (IS453), and Senior Project (IS499).

- Teaching approach: problem-based learning, case analysis, applied projects, and responsible use of emerging technologies.
- Mentorship: senior projects, academic advising, research development, and cooperative training supervision.
- Curriculum and quality: curriculum review, learning-outcome alignment, assessment coordination, and accreditation support.

ACADEMIC LEADERSHIP & PROFESSIONAL SERVICE

Track Chair — ICEGOV 2026

2026

International Conference on Theory and Practice of Electronic Governance

- Support the scholarly program and review process for an international digital-governance conference coordinated by UNU-EGOV.

Editorial Board Member — Babylonian Journal of Networking (BJN)

2026–Present

Peer review and academic publication quality

- Contribute to peer review and support the journal's academic quality and publication standards.

Chair — CCIS EXPO 2026, Prince Sultan University

2026

College-wide academic showcase

- **Prince Sultan University service:** CCIS Website Administrator; CCIS Curriculum Committee; Intercollegiate Committee; IS Curriculum Committee; Exam Coordination Committee 2026; IS Textbooks Update.
- **Shaqra University service:** Quality Assurance Committee; academic advising and student activities; accreditation and curriculum support.

COMMUNITY ENGAGEMENT & RECOGNITION

- **529 documented volunteer hours:** Saudi National Volunteer Work Platform, Ministry of Human Resources and Social Development; community activity recorded since 2021.
- **Practicing Quality Ambassador:** Quality Ambassadors Program, Membership No. 20230035, 2023.
- **Institutional recognition:** Recognized for contributions to Computer Science program accreditation at Shaqra University, 2023.
- **Graduate and undergraduate scholarships:** Scholarship awards from Jordan's Ministry of Higher Education and Yarmouk University.
- **Dean's Honor List:** Recognized across five semesters during undergraduate study.

SELECTED PROFESSIONAL DEVELOPMENT

Artificial Intelligence Analyst IBM Mastery Award	Artificial Intelligence Fundamentals IBM SkillsBuild
Course Design Institute Coursera · 2024	AWS Immersion Day Cloud Computing Workshop
Cisco Networking IoT & Cybersecurity	Agile Meets Design Thinking Coursera

LANGUAGES & AVAILABILITY

Languages: Arabic (native); English (professional proficiency).

Open to: research collaboration, academic leadership opportunities, and responsible AI initiatives.
